

CYMDEITHAS RHWYFO
MÔR CYMRU
WELSH SEA ROWING
ASSOCIATION

AFFILIATION

Before affiliation can be accepted for the year starting in April 2017 the WSRA requires some basic information from your club.

This is to enable us to carry the necessary records and to update our information on each club.

As an affiliated member of WARA and ultimately ARA, the WSRA has to ensure that each of our clubs complies with their regulations. Any amateur rowing club or club that has facilities for rowing, situated in Wales, may be affiliated to the Association on becoming **approved by a two-thirds majority of the executive committee of the WSRA**. Each member club thereby binds itself to observe the rules of the WSRA. Acceptance is not automatic and we have to satisfy ourselves that every club is run in acceptable way before affiliation can be granted.
